### ***REASONS FRO ALLOWANCE***

1. The amendment filed 10/05/2004 has been entered. Claims 1-29 have been canceled. The newly added claimed 30-61 are pending in this Office action.

#### ***Allowable Subject Matter***

2. Claims 30-61 are allowed.

3. The following is an examiner's statement of reasons for allowance: none of the prior art of the record discloses or suggests a digital data synchronization apparatus and method comprising: a second synchronization circuit for synchronizing a second frequency signal with a second received data signal and for generating a second comparing signal; a first interconnection for transmitting the first comparison signal to the second synchronization circuit; a second interconnection for transmitting the first second comparison signal to the first synchronization circuit; the first synchronization circuit including a first corrector for adjusting the first frequency signal in response to the second comparison signal; and the second synchronization circuit including a second corrector for adjusting the second frequency signal in response to the first comparison signal; and wherein each of the first and second synchronization circuits including a composite phase frequency detector including a phase frequency detector, a multiplier phase coupled to the phase frequency detector and divide by two flip-flop coupled to both the phase frequency detector and the multiplier phase detector. The divide by two flip-flops conditioning a common input signal to both the phase frequency detector and the multiplier phase detector to a 50% duty cycle.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
